

SpectraDuo™

SpectraDuo™ is a paint coated glass using a super hard grade paint specifically for decorative glass applications. The vinyl backing applied to the painted surface ensures the coating will remain scratch resistant and provides Grade A safety glass protection.

Features

Create Beautiful Spaces
Enjoy the choice of a smooth white or bright white finish, delivering a stylish decorative touch to your space.

Easy to Maintain
SpectraDuo™ is scratch-resistant and easy to maintain. You can even draw on it with non-permanent markers and wipe clean.

Safety & Security
The vinyl backing applied to the painted surface of SpectraDuo™ provides Grade A safety glass protection.

Select from: SpectraDuo

All glass is to be selected and installed in accordance but not exclusively with the following Australian and/or New Zealand Standards

- AS 1288 Glass in Buildings Selection and Installation
- AS 1170 Minimum Wind Loads on Structures
- AS/NZ 2208 Safety Glazing Materials in Buildings
- AS/NZ 4666 Insulating Glass Units
- AS/NZ 4667 Quality Requirements for cut-to-size and Processed Glass

Oceania Glass makes and distributes glass. Oceania Glass does not process glass nor produce Insulated Glass Units. Processing of glass and production of Insulated Glass Units is undertaken by independent processors. Speak with your nominated glass processors to understand their processing capability.
